SEWP V | ORDERING GUIDELINES

GOVERNMENT SOLUTIONS FOR ENTERPRISE-WIDE PROCUREMENT

ABOUT THE CONTRACT

The NASA SEWP (Solutions for Enterprise-Wide Procurement) GWAC (Government-Wide Acquisition Contract) provides the latest in Information Technology (IT) products and services for all Federal Agencies and their approved contractors. The statutory authority allowing usage of the SEWP contracts by the entire Federal Government is NASA's designation as an Executive Agent by OMB based on the Information Technology Management Reform Act (ITMRA) of 1996, now the Clinger Cohen Act. Through SEWP, Agencies can find an exact fit for their needs at the best overall value by choosing the right solutions offered directly by leading hardware and software manufacturers and experienced government integrators and service providers.

The SEWP V contract offers a vast selection of advanced technology products including tablets, desktops and servers; IT peripherals; network equipment; storage systems; security tools; software products; cloud based services; telecommunications; Health IT; sensors; video conferencing systems and other IT and Audio-Visual products. Product based services such as installation, training, maintenance, and warranty are also available through SEWP.

PREMIER NASA SEWP V SOLUTIONS PROVIDER

As a Prime Contract holder for Group C and Group D under the SEWP V contract, Copper River can fulfill orders for IT services as well as IT products offered through the other SEWP Groups. A customer-focused small business, Copper River delivers the expertise and program management necessary to maximize the value of your IT investments from day one.

ADDITIONAL ORDERING & QUOTING INFORMATION

Using the SEWP online Quote Request Tool is the recommended method to assist in this activity and to augment the required decision documentation. The SEWP QRT tool will automatically include the Contract Holders within a selected Group or based on a suggested source: tablets, desktops and servers; IT peripherals; network equipment; storage systems; security tools; software products; cloud based services; telecommunications; Health IT; sensors; video conferencing systems and other IT and Audio-Visual products. Product based services such as installation, training, maintenance and warranty are also available through SEWP.
