## CORPORATE CAPABILITIES

COMPREHENSIVE CAPABILITIES | PROVEN PAST PERFORMANCE

Since our inception, Copper River Information Technology (Copper River IT) continues to transform the way our clients do business. As a Federally Recognized, Alaska Native, Tribal Owned, Small Disadvantaged Business, Copper River IT delivers high-performance IT solutions and services based on our unique advantage of holding elite-level partnerships with today's most innovative technology manufacturers. We combine these impressive product portfolios with our extraordinary engineering, design and professional services expertise to craft a complete, end-to-end technology solution unique to our clients' needs. Some of the innovative solutions and services we offer enable Cyber Security, Data Center & Cloud Architectures, Enterprise Networks and Mobility.

Our commitment and investment in multiple best-of-breed technologies allows us the flexibility to provide the highest level of expertise and drives solutions based on client-driven requirements—all while having competitive vendor pricing structures. The combination of our in-house team of elite solution architects, partnerships with leading vendors, and niche providers of specialized services and solutions, facilitates our ability to quickly and efficiently deliver end-to-end technology solutions tailored to our client's environment resulting in an immediate impact on pressing challenges.

Strategic partnerships, strong infrastructures, and a commitment to the partner ecosystem helps Copper River provide innovative IT solutions based on expert engineering, agile execution, and proven past performance.
