

## ITES-4H CONTRACT AT A GLANCE

- CONTRACT NUMBER: W519TC-25-D-A062
- VALUE: \$10B IDIQ / 10 YEARS
- ELIGIBILITY: ARMY, DOD, AND ALL FEDERAL AGENCIES
- SCOPE: HARDWARE, SOFTWARE, AND IT SERVICES

# ADVANCING ARMY MATERIEL COMMAND'S MISSION THROUGH MODERN, SECURE, AND READY IT INFRASTRUCTURE

## WHO WE ARE

**Copper River Technologies (CRT)**, a tribally owned 8(a) enterprise and a \$500 million Alaska Native-owned organization, mission-driven IT integrator. As a trusted holder of the U.S. Army's ITES-4H contract, we deliver secure, scalable, and battlefield-ready technology solutions to support joint and coalition operations.

## MISSION ALIGNMENT WITH ARMY MATERIEL COMMAND

Army Materiel Command's 2026 priorities demand partners who can modernize, secure, and accelerate global sustainment capabilities.

Through the ITES-4H contract, Copper River delivers technology solutions that directly enable AMC's strategic objectives:

- Modernized IT infrastructure powering global sustainment and distributed operations
- Strengthened cybersecurity and Zero Trust compliance enforced at every layer
- AI- and data-driven logistics for enhanced readiness and predictive sustainment
- Accelerated acquisition pathways that shorten the time from requirement to mission impact

Copper River stands ready to support AMC with rapid, compliant, and scalable technology delivery.

## CORE CAPABILITIES

### ENTERPRISE HARDWARE MODERNIZATION

- Servers, storage, ruggedized laptops, tablets, mobile devices
- Modernization of end-user and tactical computing environments
- Network infrastructure: switches, routers, wireless access points

### CYBERSECURITY & ZERO TRUST ENABLEMENT

- Secure endpoints, encryption, hardware security modules
- Solutions aligned with Army cybersecurity, Zero Trust, and RMF mandates

### CLOUD-READY & AI-READY INFRASTRUCTURE

- Hybrid cloud hardware stacks
- High-capacity compute for AI/ML workloads
- Scalable storage engineered for big data and predictive analytics

### DATA-DRIVEN LOGISTICS & EDGE SUSTAINMENT

- Edge devices for near-real-time sustainment data capture
- Compute clusters supporting readiness forecasting and automation

### MISSION COMMAND & COLLABORATION TECHNOLOGY

- Secure video conferencing, VC systems, and unified communications hardware
- Enablement of distributed command environments

## STRATEGIC ADVANTAGES OF PARTNERING WITH COPPER RIVER

As an Alaska Native–Owned Tribal Enterprise, Copper River provides benefits unique in the federal acquisition landscape:

- Sole-source eligibility within DoD up to \$100M, without protest risk
- Streamlined contracting that accelerates mission delivery
- Tax credit benefits for the Army
- Partnerships that directly support Native communities and long-term economic sovereignty

## PROVEN ARMY PARTNER

- Extensive performance across Army commands and mission sets
- Demonstrated capability delivering secure, scalable, compliant IT
- Full alignment with Army acquisition frameworks and technical standards

## ITES-4H: YOUR FASTEST PATH TO MISSION SUCCESS

Copper River provides:

- Rapid procurement of mission-critical IT hardware and services
- Expedited delivery cycles aligned to operational urgency
- Lifecycle support from design to deployment to sustainment
