SEWP VI | ORDERING GUIDELINES

GOVERNMENT SOLUTIONS FOR ENTERPRISE-WIDE PROCUREMENT

ABOUT THE CONTRACT

The NASA SEWP (Solutions for Enterprise-Wide Procurement) GWAC (Government-Wide Acquisition Contract) provides the latest in Information Technology (IT) products and services for all Federal Agencies and their approved contractors. The statutory authority allowing usage of the SEWP contracts by the entire Federal Government is NASA's designation as an Executive Agent by OMB based on the Information Technology Management Reform Act (ITMRA) of 1996, now the Clinger Cohen Act. Through SEWP, Agencies can find an exact fit for their needs at the best overall value by choosing the right solutions offered directly by leading hardware and software manufacturers and experienced government integrators and service providers.

The SEWP VI contract offers a vast selection of advanced technology products including tablets, desktops and servers; IT peripherals; network equipment; storage systems; security tools; software products; cloud based services; telecommunications; Health IT; sensors; video conferencing systems and other IT and Audio-Visual products. Product based services such as installation, training, maintenance, and warranty are also available through SEWP.

PREMIER NASA SEWP VI SOLUTIONS PROVIDER

As a Prime Contract holder for Group C and Group D under the SEWP VI contract, Copper River can fulfill orders for IT services as well as IT products offered through the other SEWP Groups. A customer-focused small business, Copper River delivers the expertise and program management necessary to maximize the value of your IT investments from day one.

ADDITIONAL ORDERING & QUOTING INFORMATION

Using the SEWP online Quote Request Tool is the recommended method to assist in this activity and to augment the required decision documentation. The SEWP QRT tool will automatically include the Contract Holders within a selected Group or based on a suggested source: tablets, desktops and servers; IT peripherals; network equipment; storage systems; security tools; software products; cloud based services; telecommunications; Health IT; sensors; video conferencing systems and other IT and Audio-Visual products. Product based services such as installation, training, maintenance and warranty are also available through SEWP.

CONTRACT EFFECTIVE DATES

All SEWP VI Contracts have an effective ordering period of *November 1, 2026, through October 31, 2036.* The base contracts were awarded for 5 years with one 5 year option for a total of 10 years. Each contract has a $20 Billion contract limit

Fair Opportunity: FAR 16.505(b) (1) provides that each contractor shall be given fair opportunity to be considered for each order exceeding $10,000 and issued under multiple award contracts. The FAR states that the method to obtain fair opportunity is at the discretion of the CO and that the CO must document the rationale for placement and price of each order. Using the SEWP online Quote Request Tool is the recommended method to assist in this activity and to augment the required decision documentation. The SEWP QRT tool will automatically include the Contract Holders within a selected Group or based on a suggested source.

Note: Fair Opportunity to all Contract Holders within one or more SEWP Groups is required. There is no requirement to obtain 3 quotes as long as all Contract Holders within a Group were provided opportunity to provide a quote.
